Terms of Use

The terms that apply when you use or hold USD Neo (USDN).

VERSION	LAST UPDATED	STATUS
0.1	November 17, 2026	Draft

1. Acceptance of these terms

By acquiring, holding or using USD Neo (USDN), or by using neosmartchain.com, you agree to these terms. If you do not agree, do not use USDN or this website. These terms are between you and [issuer legal entity name], referred to as the issuer.

2. About USDN

USDN is a digital token launched on Neo Smart Chain that is designed to track the value of one US dollar. USDN is not legal tender, is not a bank deposit and is not guaranteed or insured by any government or deposit protection scheme [confirm].

3. Eligibility

- You must be at least 18 years old and have the legal capacity to enter into these terms.
- You must not be a resident of, or located in, a jurisdiction where USDN or its use is prohibited [confirm: restricted jurisdictions list].
- You must not be on any sanctions list or act for someone who is.
- Direct minting and redemption with the issuer is available only to participants that have completed onboarding checks.

4. Minting and redemption

Approved participants may mint and redeem USDN with the issuer under the limits, fees and timing published in the Tokenomics document. The issuer may decline or delay a request that cannot be verified, that breaches law, or that arises during a technical or market disruption.

5. Your responsibilities

- You are responsible for securing your wallet, keys and devices. Lost keys cannot be recovered by the issuer.
- Transactions on a blockchain are final. Check addresses and networks before sending USDN.
- Only use contract addresses published on neosmartchain.com/tokens/usdn.
- You are responsible for any taxes that apply to your holdings and transactions.

6. Prohibited use

You must not use USDN for money laundering, terrorist financing, sanctions evasion, fraud or any unlawful activity, and must not attempt to disrupt, exploit or interfere with the USDN contracts or this website.

7. Issuer controls

To meet legal obligations and protect holders, the issuer may be able to pause transfers or restrict specific addresses, for example when ordered by a court or authority or when an address is linked to unlawful activity [confirm: controls built into the contract].

8. No advice and no warranty

Information on this website is not financial, legal or tax advice. USDN and this website are provided as is and as available, without warranties of any kind, to the extent permitted by law. The issuer does not guarantee that the value of USDN will equal one US dollar at all times.

9. Limitation of liability

To the extent permitted by law, the issuer is not liable for indirect, incidental or consequential loss, loss of profit, or loss arising from blockchain failures, smart contract flaws, third-party services, forks or user error. Nothing in these terms limits liability that cannot be limited by law.

10. Changes, governing law and contact

The issuer may update these terms by publishing a new version here, with the version and date shown above. These terms are governed by the laws of [governing jurisdiction], and disputes will be resolved in [courts or arbitration venue]. Questions can be sent to [legal contact email].

This document is for information only and is not financial, legal or tax advice. Highlighted items in square brackets are still to be confirmed by the issuer. The latest version is always available at neosmartchain.com/tokens/usdn/docs/terms
